This Certificate of Conformity is based on analysis of the product and verifying the documentation being in accordance with the provisions of the Directive 2011/65/EU on the restriction of the use of certain hazardous substances in electrical and electronic equipment. It does not imply an assessment of the production site. No amounts above the limits of these substances have been detected or if so specific exemptions are applicable. This result relates only to the item(s) tested. Other CE marking directives may apply but have not been considered during the RoHS assessment.

This Certificate of Conformity does not give the right to use any SGS mark on products, components or materials, their packaging or any marketing material or activities.
